Discovery Day Schedule

We're so glad you're considering us as one of your university choices. Come along to a tailor made Discovery Day and delve deeper into your chosen subject(s), to experience what it's really like to be a student here at the University of Northampton. Here's what we've got planned for your day:

Criminology – Joint Honours

This session will begin to explore a number of the really big criminological questions that focus on the nature of crime and criminality. The session will resemble an academic environment in the level of discussion, engagement and exploration.

It is designed for those who are very curious about the subject and would like to whet their criminological imagination. It is an opportunity to ask questions and participate in an interactive dialogue about crime and its causes. Criminology as a discipline connects with social and personal concerns, which impacts on individuals, families and communities making it extremely relevant to those who study it. Our session will allow you to explore some of these issues from an academic standpoint. After all everyone has an opinion on crime but not everyone understands crime from a position of knowledge.

Can you identify a criminal after the session….you'll have to wait and see. We look forward to meeting you on the day.

08:30 – 09:30	**Registration**
09:30 – 10:00	**Joint honours talk** (optional attendance)
