Welcome Guide
An introductory guide for new students
Welcome to the University of Northampton

We are delighted to welcome you to the University of Northampton and hope you enjoy your studies with us. This booklet provides you with useful information about Welcome Week, some of our facilities and useful tips to guide you through the first few weeks.

Welcome Week (26-30 September)

The activities and events held during Welcome Week give all new students a full introduction to university life. They are designed to help you settle in, help you get to know your way around campus, and give you opportunities to meet tutors and other new students. Key course and library induction sessions will take place throughout the week to prepare you for the start of your course. Activities run by the Students’ Union will introduce you to the facilities, events, activities, sports clubs, societies and services available to each student. Welcome Week is an essential part of induction and all new students should attend.

Academic advisors will be available in each faculty to answer any questions you may have.

For Professional Health students there is a mandatory uniform fitting session on Monday of Welcome Week – see Welcome Week programmes for more details.

To find out more about Welcome Week and your Welcome Week programme, visit the new students’ webpage www.northampton.ac.uk/newstudents
