

University of Northampton

Guest Lectures

We are delighted to offer guest lectures to your Year 12 and 13 students, designed to inspire and inform students on the broad range of opportunities within Higher Education.

Many of the sessions will compliment various level 3 modules with the intention of making the lectures as relevant to your courses as possible. Others will inform students of the diverse range of subjects their current studies can lead on to.

Lectures will last approximately an hour and will require an appropriate classroom space with access to a screen/projector. We also request that there are a minimum of 10 students per session. Guest Lectures are subject to academic availability.

To find out more about these sessions please contact us schools.liaison@northampton.ac.uk
