

TEF Gold

University of Northampton

A guide for students from Nigeria and Ghana.

UoN

The highest quality teaching* and excellent preparation for employment, offering great value at our safe and welcoming new campus, less than one hour from London.

Teaching excellence

One of the UK's best teaching universities – awarded Gold in the only official Government ranking in the UK, the Teaching Excellence Framework (TEF).*

Innovative teaching and learning style - more time in one-to-one and small group discussions, supported by technology-enabled learning.

Pathway programmes, Foundation entry, accelerated degrees and Top-Up programmes mean you can find the right starting point for your studies.

Employability

- Up to one year's work placement on a wide range of courses to boost your employability
- 'Overall Winner for Developing Employability', 2017 and 2018**
- Officially "outstanding" levels of post-graduation employment or further study*
- Graduate employability 95% or above for ten years running.†

Value for money

- We offer a range of scholarships for both undergraduate and postgraduate students
- Free sports and societies - join in the fun and save up to £1,000 over three years
- Significantly cheaper than many other UK university locations for accommodation and overall living costs.

Great location

- Just one hour by train from central London
- Served by five international airports and at the heart of national road and rail links
- New purpose-built, town centre campus offers a superb environment for living and learning.

OUR SUBJECT AREAS.

We offer courses in these broad subject areas, each purposely designed to meet the needs of the workplace. Many include optional placements and international and/or domestic study trips. Accreditations, professional body exemptions and professional recognition boost employability, improve promotion prospects and raise your professional status. For full information on all of our courses visit northampton.ac.uk/courses

Joint Honours

An undergraduate Joint Honours degree allows you to develop a broader range of skills and knowledge and you can take a one-year work placement. Your two subjects may be related to a particular career ambition or, if you're finding it hard to choose, simply follow your interests.

For all possible Joint Honours combinations visit northampton.ac.uk/undergraduate/joint-honours/

ACCOMMODATION.

Moving overseas is a big step, so it helps if you don't need to worry about where you'll be living. With over 2,200 bed spaces, our Halls of Residence offer all you need to relax, make friends, socialise and study. We take your safety seriously, so all sites have 24-hour security and a dedicated Residential Life Team to support you through any issues you may have.

What's the deal?

Rents range from £82-£162* per person, per week, for 43 weeks, significantly less expensive than in many UK university locations. Accommodation is fully furnished, with all utilities, personal possessions insurance and University computer network and WiFi access included - so no surprise costs! All that's left for you to pay is for a licence to watch TV if you bring one for your own room.

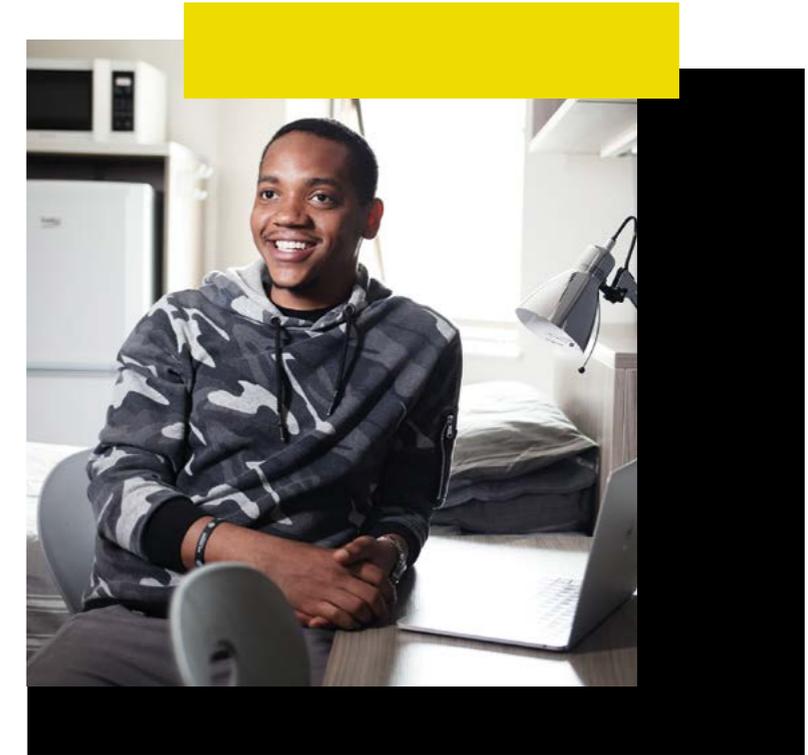

Choose the location and accommodation type to suit your budget

Most students love the convenience of living on-campus during their first year. Our new student village is just a few metres from the academic buildings. You might choose a single occupancy or shared flat, or perhaps you would prefer one of the four-storey townhouses with landscaped courtyards.

St John's Halls are located on the edge of Northampton's Cultural Quarter, a short walk from campus, whilst our Boughton Green Road Student Village offers a budget option with a free bus service to campus.

Private sector accommodation

If you prefer to live in private rented accommodation, our Student Lets Team will provide details of available properties that meet our high safety standards. You can expect to pay between £80 and £150 per week, depending on location and facilities.

*2019-20 rates - prices will be subject to an increase for the 2020-21 academic year. A £300 Key and Damage Deposit is payable when you accept the offer of a room.

ENTRY REQUIREMENTS.

If you apply during your final year at school or university, we'll make a conditional offer based on your application and predicted results. Some courses require previous study in a relevant field or have additional requirements, including tasks, interviews or higher levels of English Language competence.

HOW MUCH WILL IT COST?

Tuition fees

Tuition fees usually include teaching costs, registration fees and examination fees. Some courses may have additional examination charges – please check the relevant course page of our website. The costs of any compulsory study trips on your course will be included.

*The fees for 2020/21 will be subject to an increase.

**Fees are charged for each year of the course, payable in Pounds Sterling. Approximate conversions, (calculated 10 October 2019), are for indicative purposes only and will vary according to the prevailing exchange rate.

Value for money

We're proud to offer excellent value for money when it comes to your cost of living. Despite being located only one hour from London, you'll find accommodation and general living costs significantly cheaper than many other UK locations. Our current international students recommend you budget around £900 per month, depending on your lifestyle.
