## International Student Support Services Welcome.

**We have been welcoming international and EU students for many years and are delighted that you have chosen to study with us**

Northampton is a great place to live and study. We want to help you settle into your new home as soon as possible.

Studying abroad is an exciting but challenging time. There have been more challenges than ever this year due to the Covid-19 pandemic. Please be assured that the University of Northampton is still committed to ensuring that you enjoy your studies and make the most of your time with us. The International Student Support Services team has designed this guide with the needs of international and EU students in mind. We hope it will answer any questions you may have before you arrive and help prepare you for your studies in the UK. If you have any further questions please do get in touch with us using the contact details on [page 21](#).

We wish you a safe journey and we look forward to welcoming you to the University of Northampton very soon.

# Do I need a Visa?

## Students from the European Economic Area (EEA) and Switzerland

If you are to study in the UK for longer than six months, you will be required to apply for a [Student Visa](#) unless you have been granted EU Settled Status or Pre-Settled Status, or you have made your application for [EU Settlement Scheme](#) but haven't had a decision.

## Students from Non-EEA nationals

If you are to study in the UK for longer than six months, you will be required to apply for a [Student Visa](#).

# Apply for a Student Visa

## CAS (Confirmation of Acceptance for Studies)

You will need a valid CAS in order to make a Student Visa application. The CAS is an electronic document that confirms we are willing to act as your sponsor for your studies in the UK.

You will receive your CAS when you have met all the conditions stated on your offer letter and paid your £5,000 deposit. Once received, you must check your CAS carefully to make sure all the information included is correct. Please email [cas@northampton.ac.uk](mailto:cas@northampton.ac.uk) if you have any questions regarding your CAS.

## Credibility interviews

Credibility interviews were introduced by UK Visas and Immigration (UKVI) to ensure that only genuine students were applying to come and study in the UK.

Credibility interviews are now part of the Student Visa application process and if invited to attend you will be asked a few questions by either an Entry Clearance Officer (overseas) or Caseworker (UK).

## Student Visa

Upon issue of your visa, please check the vignette and decision letter carefully. Ensure your travel plans to the UK comply with your vignette.

If your 90-day vignette has expired, you will need to apply for a replacement by completing the [online form](#). The cost of replacing an expired 90-day vignette is £154 and you will need to make an appointment to resubmit your biometric information.

We strongly advise that you only apply for a new visa, or apply to replace an expired vignette, when you are confident you can travel to the UK. The new vignette will be valid for a period of 90 days. If you cannot travel during this time, you may need to apply again to update your vignette.

For more detailed information on applying for or renewing your visa, please visit our [Immigration and Visas](#) webpage

## What if my application is refused?

If your visa has been refused please send a copy of the visa refusal letter to [intadmissions@northampton.ac.uk](mailto:intadmissions@northampton.ac.uk) and then contact [International Student Support Services](#) as soon as possible to seek further advice. We will be able to advise what options are available to you and how to proceed.

## Delayed visa

If your visa application is delayed please contact us immediately so we can advise you on how to proceed. The CAS (Confirmation of Acceptance for Studies) letter issued by the University stipulates the latest enrolment date. If you are unable to arrive in the UK by this date please inform us immediately so we can check the options that are available to you by emailing [intadmissions@northampton.ac.uk](mailto:intadmissions@northampton.ac.uk).

## What is a BRP card? (Student Visa students only)

A BRP card is proof of the holder's right to stay, work or study in the UK. Once in the UK, you will need to collect your Biometric Residence Permit (BRP). Your decision letter will advise you from when and where you will need to collect your BRP Card. If your decision letter granting your leave is sent to you via email, you should print a copy and carry it with you in your hand luggage to the UK.

If you are self-isolating, you must not collect your BRP card not until you have finished isolating.

## Bringing your family to the UK

Making the decision whether or not to bring dependants to Northampton may be a difficult one. There are many practicalities to consider, for more information visit our [International Students with Dependants](#) webpage.

If you are a student coming into the University's accommodation, we will be unable to accommodate members of your family.

## Getting here.

**When making your own way to the University it is important that you advise us of when you expect to arrive**

Due to government guidelines on social distancing and self-isolation rules, this year the safest way for you to travel to campus is for you to make your own way. This may sound daunting but don't worry as Northampton is very well connected and we will be sending you an update with all the information you need to plan your journey. The most important thing before travelling to the University is to make us aware of your arrival date.

Please complete the [online arrivals form](#) and let us know the date you will be arriving so we can make arrangements to welcome you to the University of Northampton.

For up-to-date information on Covid-19 and isolation, please refer to our FAQ's [here](#).

# Ten important things to do before your course starts.

- 1 Arrange accommodation and pay deposit. Please refer to the [Accommodation page](#) of our website. If you have not made any arrangements for accommodation (either with us or elsewhere) you must **NOT** travel.
- 2 Pre-enrol online for your course (details will be emailed to you).
- 3 Complete [Arrivals Notification form](#).
- 4 Arrange your travel insurance and check your luggage allowance. If you are travelling from outside the UK and your country of residence is not exempt from [border control restrictions](#) you must complete the HM Government 'Public Health Passenger locator Form' prior to your journey starting.
- 5 Check what you must declare at customs when you enter the UK.
- 6 Check current [UK guidance](#) in relation to Covid-19 and [social distancing measures](#). Before you travel (regardless of where from) you must:  
Take a coronavirus (COVID-19) test and test negative within three days of your travel. You could face a fine of £500 if you cannot provide proof of a negative test.  
Self-isolate for ten days on arrival if required, and pre-book/pre-arrange your accommodation, in accordance with the guidance below.  
The UK Government has introduced a traffic light system which lists countries as red, amber or green, each with different travel requirements and advice. You should confirm the status of your country and the actions you must take by reading the official [rules for entering England](#) regularly and be aware that travel advice and country status may change.
- 7 Research UK living costs to [plan a budget](#) and bring enough cash to cover your first few days in the UK.
- 8 Pack the following documents in your hand luggage for your journey:
  - a valid passport
  - face coverings and hand sanitiser
  - a valid visa or UK Entry Clearance
  - an air ticket
  - original or certified copies of qualifications
  - CAS letter (Student Visa students only)
  - sponsorship letter (if applicable).
  - decision letter to collect your Biometric Residence Permit (BRP) card (Student Visa students only)
  - a print-out of your vaccination status if fully vaccinated with a recognized vaccine
  - a print-out of your Locator Form if you have not saved an electronic copy.
- 9 Save the following contact numbers on your phone:  
**University Security** 0044 (0) 1604 892269 (anytime)  
**Student Information Desk** 0044 (0) 1604 892833  
**ISSS** 0044 (0) 1604 893113
- 10 Relax and have a safe flight!

# Arriving at the University of Northampton.

## Accommodation

If you are staying in Halls of Residence you will collect your keys from the Student Village Reception on Waterside campus. The office is open from 9am to 4pm Monday to Friday. If you will arrive outside of these hours please email the Accommodation Office to let them know, so they can make arrangements for you. The email address is [Accommodation@northampton.ac.uk](mailto:Accommodation@northampton.ac.uk)

If you have booked University accommodation, and are arriving from an 'Amber List' country, unless you are fully vaccinated by UK approved vaccination (please see [here](#) for more information), you will need to report to Scholars Green upon arrival and self isolate at Scholars Green for 10 days before moving to your booked accommodation. For more details please see [here](#).

If you are staying in the private sector please read the information about enrolment in this guide carefully before you travel to campus.

## Food

For students arriving in University-owned accommodation, if you are required to self-isolate, a food package will be delivered to you after your arrival, please contact Residential Life at [residentiallife@northampton.ac.uk](mailto:residentiallife@northampton.ac.uk) to let them know of any dietary requirement. This package will provide you with enough food for one week. You will receive a second food package at the beginning of your second week of isolation. If you would prefer to make your own arrangements, supermarket deliveries and takeaways can be purchased at your own cost. Further information is included in the 'Practicalities when Isolating' section.

## Isolation requirement

If you are travelling from a 'Red List' country, you are required to reside in a managed quarantine hotel for ten days upon arrival. Please check the latest requirements upon travel, updated information can be found [here](#).

The following information applies to all students who will be isolating in their own accommodation when they arrive:

Isolation means you are not allowed to leave your current residence if you or someone living in your flat/townhouse develops Covid-19 symptoms, any of you test positive for Coronavirus, or you have been contacted by Test & Trace to advise you have been in close contact with someone who has since tested positive for Coronavirus. This means you cannot leave to isolate in a different place, you must remain in your accommodation. You may be able to end self-isolation early if you pay for a private coronavirus (Covid-19) test through the '[Test to Release](#)' scheme.

The only exception to this is to have a test BUT you must wear a face covering at all times and must not use public transport to get to your appointment.

When you are isolating you must not:

- go to work, University or public places
- use public transport (buses, trains or taxis)
- go out to get food and medicine
- invite visitors to your flat, including friends and family
- go out and exercise.

Please see link for the most up to date information [here](#):

## What happens if I don't self-isolate?

Failing to self-isolate when given an official instruction to do so is now a punishable offence and therefore illegal in England, with fines starting at £1,000 and rising to £10,000 for repeat offenders and serious breaches. Police officers are checking that people are complying with the requirement to self-isolate, particularly in areas where Coronavirus cases are high.

You should also be aware that you will be contravening the Student Code of Conduct if you fail to self-isolate and as such you will be subject to disciplinary action.

## Biometric Residence Permit (BRP card - Student Visa students only)

We advise you to collect your BRP card prior to your face-to-face enrolment appointment. If you are unable to collect your BRP card before your enrolment appointment, you will still be able to enrol and will be issued a temporary student ID card. However once you have collected your BRP card you will be required to have it scanned by International Student Support Services to ensure your student record is up to date and you will then be given your full student ID card.

You will be able to get your BRP card scanned at the Student Information Desk. Please book your slot via email at [ISS@northampton.ac.uk](mailto:ISS@northampton.ac.uk). This card is important and must be kept in a safe and secure place.

## Internet access - getting connected

You will need to bring your own laptop or similar device to access our online teaching platforms and induction programmes. We have a laptop loan system if you don't have your own, but we cannot guarantee availability and therefore strongly advise that you bring your own device. Please note it is not always possible to use a smartphone to access online classes and if you are self-isolating in private accommodation you will be unable to loan a laptop.

To use UoN\_Guest - connect to the network, once you open a browser you will be taken to a sign-up/login page where you can follow the instructions to register and join the network.

# Enrolment.

To become a student at the University of Northampton you need to enrol onto your programme.

## Enrolment Information for September 2021.

The enrolment process includes two stages:

- Pre-Enrolment and Remote Enrolment
- Face-to-Face Enrolment

### Pre-Enrolment and Remote Enrolment

The first stage of enrolment takes place before you arrive. You will receive an email inviting you to pre-enrol, plus an email with your login details (if you are a new self-service user). During Pre-Enrolment you will need to:

- Confirm personal details and your programme of studies
- Upload personal Identification documentation (e.g. passport)
- Upload a passport style photograph

Once you have completed Pre-Enrolment we will carry out an enrolment check to confirm if you can be enrolled remotely:

- If you have supplied correct ID and have no outstanding sanctions you **will** be remotely enrolled on your programme
- If you have not supplied correct ID and/or have outstanding sanctions you **will not** be remotely enrolled on your programme. You must resolve the outstanding issues before you enrolment can be confirmed

You must complete pre-enrolment and resolve any outstanding sanctions (if applicable) by the end of the **third week of teaching** otherwise you might not be permitted to enrol on your programme.

### Face-to-Face Enrolment

The second stage of enrolment is a face-to-face enrolment session which takes place once you have arrived at the University. You must attend a face-to-face enrolment session at the earliest possible opportunity after you have arrived (or after any self-isolation requirements). Please visit our [enrolment pages](#) to view enrolment dates and to book onto an enrolment session.

Please do not attend face-to-face enrolment sessions if you have symptoms or during a period of self-isolation (e.g. after arrival into the UK). You should only attend a face-to-face session once your isolation has finished.

### What should I expect at face-to-face enrolment?

At face-to-face enrolment we will:

- Check your personal details
- Scan your passport if you are a non-British passport holder
- Scan your visa
- Check how you are paying your fees
- Check your ID and issue you with a student card
- Ensure you have access to University IT facilities.

Our campus and enrolment spaces are set up to be Covid-19 compliant. You are required to adhere to the Covid-19 requirements which are in place at the time of your enrolment session and when you are on campus. Currently we strongly urge students and staff to wear face coverings inside University buildings, with the exception of staff work areas, sports facilities and catering areas. It might also take longer than usual to process your enrolment. Please refer to [Covid-19 FAQs](#) for updated information prior to your enrolment.

## What should I bring with me to enrolment?

- passport
- Visa/Biometric Residence Permit (BRP) card
- CAS letter
- original qualifications and transcripts
- original evidence of English language
- sponsorship letter (if applicable).

## Not got all of your documents?

Students will be allowed to enrol even if the following are outstanding:

- BRP
- Visa verification
- Occupational Health
- DBS
- module choice
- qualifications (professional programmes)
- any Visa sanction.

If you have any of the above issues we will issue you with a temporary student ID card. You will have until the expiry date on the card to resolve the outstanding requirements.

## When enrolment can't take place:

- finance sanction involving paying your fees
- no ID provided
- residency status unresolved
- under 18s confirmation not submitted
- fee status (Home or overseas student) unresolved.

Students who have any of these outstanding issues will **not** receive an ID card or have access to University systems or be allowed to move into Halls. Students will have until the last day of enrolment (end of third week of teaching) to resolve these outstanding issues.

## Additional needs?

If you have a disability, medical condition, injury or another need which affects your mobility or ability to queue or manage crowded spaces, please contact [ASSIST](mailto:assist@northampton.ac.uk) on 01604 893430 or [assist@northampton.ac.uk](mailto:assist@northampton.ac.uk) who can support you with the enrolment process, including alternative accessible routes.

# Student life: useful tips.

## When you arrive.

### Money

Northampton's affordable cost of living makes it a great place to study. It may take a few weeks to open a UK bank account, therefore we suggest you should bring about £250 in cash and travellers' cheques for your immediate needs.

Credit or debit cards are widely accepted throughout the UK. Due to Covid-19, card is now preferred as it is more hygienic but cash may still be accepted. Cash may be preferred for smaller payments. There may be a minimum spend required when paying by card or cards may not be accepted. For more information about opening a bank account please [click here](#).

### Food

Accommodation at the University is self-catering so you will need to buy food when you arrive. We have an on-site shop at our Waterside campus and there is also a large supermarket, which is a five-minute walk away. They stock an excellent range of goods, including a variety of international ingredients and cuisines to meet all of your day-to-day requirements. You will also find a variety of takeaway restaurants close by.

For up-to-date information on Covid-19 and isolation please refer to our FAQs [here](#).

### Care Packages

The following items will be provided in your bedroom or flat on your arrival if you are staying at University accommodation. They are to be used during your stay but must not be taken with you when you finish your period of isolation:

- bedding and towels
- crockery and cutlery
- saucepans and ovenware
- mugs and glasses
- washing powder and fabric softener.
- kitchen utensils
- cleaning materials
- toiletries and sanitary products
- toilet roll

### Practicalities when isolating

If you wish to arrange supermarket or takeaway deliveries, please use the following addresses:

#### Waterside Campus

Your Name, Flat or Town House, and Room number e.g. Flat B Room 1  
Your accommodation block e.g. Charles Bradlaugh Halls  
c/o Visitor Centre  
Waterside Campus  
University of Northampton  
University Drive  
Northampton  
NN1 5PH

#### St John's Halls of Residence

Your Name, Flat and Room Number e.g. Flat H Room 6  
Your Core Number e.g. Core 3  
St John's Halls of Residence  
St John's Street  
Northampton  
NN1 1DH

#### Scholars Green Student Village

Your Name, Flat and Room Number e.g. Flat 32 Room3  
Your accommodation block e.g. Simon Senlis Halls of Residence  
c/o Student Village Reception  
Boughton Green Road  
Northampton  
NN2 7AL

A member of staff will take receipt of your items and will deliver it outside your flat door.

## Struggling to get a supermarket delivery slot?

Morrisons have launched a new service specifically for students needing to self-isolate. In addition to priority delivery slots (accessed by ringing 0345 6116111 and selecting option 5), students can now make use of their 'Serve Our Students' (SOS) service which includes one of five food box options delivered to your door for £2. More information can be found [here](#).

## Typical Costs

Item	Typical Cost
Soft drink	£0.80 - £2.50
Petrol	£1.23 per litre
Insurance contents/ personal belongings	£120 per year (this may only cover term time, please check your policy)
Childcare costs (Nursery)	Up to £220 per week. This varies depending on the type of childcare and your location
TV Licence	£159 per year. You need to be covered by a TV Licence if you watch/record programmes as they're being shown on TV on any channel, or watch/stream programmes live on an online TV service (such as ITV Hub, All4, YouTube, Amazon Prime Video, Now TV, Sky Go, etc), or download/watch any BBC programmes on iPlayer
Sandwich	£1.50 - £3.50
Hot meal at University restaurant	£4
Cinema	£4.99 with Student Saver
Monthly mobile phone bill	£25 - £35

# Student life: useful tips. Keeping safe.

**Follow our advice and keep yourself and your belongings safe. The UK is a safe place to live and study with low levels of crime, however it is important to take some safety measures to minimise any disruptions to your studies**

## Keeping safe: your health

There are different sets of circumstances affecting whether you can enter the UK or not and what you need to do when you arrive in the UK. Information on [self-isolating and Covid-19](#) can be found on our webpages. We recommend that you keep up-to-date with the latest [Government Guidance](#) on what to do before and after you arrive in England.

In light of the Covid-19 pandemic, Coronavirus restrictions remain in place in the UK. Find out what you can and cannot do [here](#). The UK Government expects and recommends that people wear face coverings in crowded areas such as public transport. Information on how to stay safe in the UK whilst outside your home can be found on the [Governments website](#).

If you have symptoms, you and everyone you live with must immediately [self-isolate](#). Do not leave home until you get your test results, except to post a test kit or for a PCR test appointment. You can order a PCR test kit to be sent to your address or book an appointment at a walk-in or drive-through test site. Details can be found [here](#). Further information on Covid-19 guidance and information for students can be found on the [UON website](#) and on the Student Hub.

The majority of healthcare issues can be resolved with a GP. You must register with a GP surgery in the UK when you arrive in the UK. Further details on registering with a GP will be given to you during the international orientation programme.

If you become ill and have an urgent medical problem then you should call 111. You will be required to speak to a fully trained advisor who will go through your symptoms with you. You can also request for a translator if needed.

If there is a risk to life and someone is seriously ill then you should call 999. This is for a medical emergency and you should not call this number if your problem is not an emergency. Details of the NHS services can be found [online](#).

Useful links on healthcare in the UK can be found at [UKCISA](#). There is also further information on the [UON website](#) that includes guidance on social distancing and face coverings. Please refer to our [Covid-19 FAQs](#) which are regularly updated for more detailed information.

## Keeping Safe: Student Vaccination

- Anybody aged 18 or over in the UK is eligible for the Covid-19 vaccination for free, regardless of your nationality or immigration status.
- To access this, you are encouraged to register with a GP and get an NHS number.
- If you have received a first dose of Covid-19 vaccine overseas that is also available in the UK, you should receive the same vaccine for your second dose. If the vaccine you received for their first dose is not available in the UK, the most similar alternative should be offered. you should contact a GP to ensure you receive an appropriate vaccine for your second dose.
- International students or anyone seeing requests for payment should report this activity to their university institution and to Action Fraud.
- More details can be found [here](#).

## Keeping safe: personal safety

Before going anywhere, please make sure you:

- do not bring large amounts of cash with you. Most things, including the bus, can be paid for with your bank card 'contactless' facility. For international students, set up your bank account once you arrive and then transfer your money by BACS
- do not go to unfamiliar places alone or at night
- keep to well-lit or well-populated areas if travelling at night
- know where you are going and your way back.

You can improve your personal safety by:

- planning ahead
- travelling in a group (this can be cheaper and more fun, as well as safer)
- letting friends and flatmates know where you are going and when you will be back
- using known taxi firms, avoiding unmarked cars. We recommend using [Amber Cars](#). You can download the Amber app and book a taxi online.
- closing and locking doors, including to Halls of Residence, your flat or house and your own room
- Follow the advice about safety in the UK provided during the International Orientation Programme.

## Keeping safe: personal safety

- ensure you have adequate insurance - many students who fall victim to theft are not insured
- do not leave your cash, mobile phone or valuables lying around in view. Secure them in a safe place
- mark your possessions with a UVpen
- use a bicycle lock

## Keeping safe: personal safety

Do not leave yourself vulnerable to identity theft:

- do not give out any of your personal information
- be cautious with any suspicious emails asking for personal data, including PIN Numbers
- shred any paperwork which contains any personal information
- be careful when you are using ATM machines.

The [British Council](#) provides further information on staying safe in the UK to ensure your visit to the UK is a safe and enjoyable one.

## Culture shock

Culture shock is a reaction to the exciting, but often confusing experience of moving to another culture. Things like the food, the weather, different social behaviour, and the rules and systems in the UK may make you feel uncomfortable, unhappy or unwell at times.

These are all temporary symptoms of culture shock. You can find out more about culture shock by visiting the UKCISA website. Please [click here](#) for further details and top tips for international students. When you understand more about UK culture, you will experience less culture shock.

## Clothing

The British climate is changeable throughout the year. During the summer between June to August temperatures can reach 30 degrees Celsius, by contrast we often have snowfall in January and February. Make sure that you wear the appropriate clothing to keep you warm and to protect you from the rain. In very cold weather it is better to wear a number of layers of clothes over each other.

# Services and Facilities.

We have a wealth of facilities and services for every aspect of student life including on-campus amenities such as a Health Centre, Students' Union, extensive library, restaurant, cafés, multi-faith chaplaincy, sports pavilion and pitches, shop, launderette and a hotel and conference centre.

## Student Information Desk (SID).

### Student Support

The University of Northampton offers you extensive support throughout your studies. The Student Information Desk is your first place to go for help, information and advice and is located in the Learning Hub.

SID staff are able to help with all general queries on topics including:

- your personal information changes
- Personal Tutor queries
- advice on administrative matters, e.g. changes to your course or module, the process for withdrawals or study breaks
- academic concerns including policy and regulation queries
- assessment, ceremonies and exams
- NILE queries

They are also able to support you in the following ways:

- student status letters
- booking appointments for specialist student services - Academic Advisers, ASSIST, Counselling & Mental Health, Financial Guidance, International Student Support.

### Opening times:

Monday, Tuesday, Wednesday and Friday: 8:30am - 11am and 2pm - 4:30pm  
Thursday: 10am - 12.30pm and 2pm - 4.30pm

01604 892833

[SID@northampton.ac.uk](mailto:SID@northampton.ac.uk)

### How can I find out more?

To find out more about how we can help, visit [northampton.ac.uk/new-students](http://northampton.ac.uk/new-students)

# IT Services.

We provide a wide range of access to computers, printers, scanning and more in various locations at Waterside campus. We can also provide Additional Needs IT facilities.

### How can I get IT support?

Visit the IT self-service portal, or the Student Information Desk, using the contact details below.

### Bringing a PC, laptop or other devices to connect to the internet?

You can access our University WiFi anywhere on campus whenever you want - once you have your username and password you're good to go.

### Who do I contact if I am not sure of my username or password?

Our IT Service Desk will help you log on, phone: 01604 893333.
