

Waterside Campus Tours

Safety measures

We have put procedures in place to ensure you have a safe and enjoyable tour. We kindly ask for your cooperation in following these measures.

- We recommend that you wear face coverings inside University buildings.
- Sign in before your tour at the designated meeting spot, you can find this in your emails. You will be given a visitor pass and a short safety induction.
- Please follow signs and instructions on campus to maintain safety.
- Please use the sanitation stations available when entering a University building. These are at the entrances as well as throughout each building.
- Please **do not** attend the tour if you or anyone in your household is displaying symptoms of COVID-19. Refer to the [NHS current list of symptoms](#) for guidance.

Please be aware that

- We have a show room of our large en-suite Waterside accommodation on site. See our full range of accommodation on our [virtual tour](#).
- Windows and vents will be open, making our buildings a little colder than usual. Please consider this when making clothing choices.

A risk assessment is available on request for a further breakdown of all the measures we are putting in place for your safety.

We can't wait to welcome you onto campus!
