Chancellor's Welcome.

It is my great pleasure to welcome graduands and guests to the University of Northampton Award Ceremonies 2025. It is an honour and privilege for me to be Chancellor of the University and I would, therefore, like to add my personal and warmest congratulations to the graduands on this landmark achievement. The recognition that this award ceremony gives is theirs alone, in that without their efforts we could not be here. Well done every single one of you.

The Award Ceremonies are not only the culmination of the graduand's learning and recognise the achievement of their qualification, but also celebrate the support and counsel provided to them by staff of the University, fellow graduands and their family and friends. We welcome these family members and friends to the University, some of whom may have travelled considerable distances to join us here today, and hope that everyone will enjoy the ceremonies and being part, albeit for a short time, of the wider University community.

A word for our graduands - I know you will have had new experiences, opportunities and much inspiration during your studies. Whatever the future holds for you now, whether it's further study, or entering or returning to the world of work, may I wish you every success.

Reverend Richard Coles

Chancellor

The University of Northampton

Vice Chancellor's Welcome.

I join the Chancellor in welcoming you most warmly to these Awards Ceremonies.

The University of Northampton, through its antecedent institutions, has a long and distinguished history and today is a vibrant institution with over 14,000 students from over 100 countries around the world, 2,000 staff and an annual turnover of almost £180m.

In addition to extensive undergraduate, postgraduate and research degrees, the University offers professional training in a wide range of disciplines related to the employment needs of the region. We welcome part-time students and adult learners undertaking professional and career development. We are committed to working in strategic partnership with a diverse range of organisations in support of those able to benefit from higher education.

Our research output, a vital component underpinning a quality student experience, continues to grow, as does our income generated from enterprise and other commercial activities. At the same time wider engagement by staff in outward-facing activity enables them to remain at the cutting edge of their subject areas. Finally, from a position of privilege as the only university in the County, we would like to acknowledge the generous support shown to us by our alumni and friends over the past year.

These Award Ceremonies are primarily occasions of great personal significance to our students, together with their families and friends, but they are also academic and civic ceremonies, which are of considerable importance to our town and County.

I hope that you will all – our graduates, friends and families, and the many guests of the University of Northampton – enjoy these ceremonies and take pride in the achievement of our students and our University

Professor Anne-Marie Kilday

Vice Chancellor

The University of Northampton

Reverend Richard Coles The Chancellor.

Reverend Richard Coles was born in Northampton and educated at Wellingborough School and later King's College London, where he studied Theology. He holds an MA by Research from the University of Leeds.

Ordained in 2005, Reverend Coles was, until 2022, the Vicar of St Mary the Virgin in Finedon, Northamptonshire. Until March this year, he co-presented BBC Radio 4's Saturday Live show and continues to be a regular guest on flagship television shows such as Have I Got News for You, QI and Countdown alongside his weekly podcast, The Rabbit Hole Detectives with Earl Spencer and Dr Cat Jarman.

Reverend Coles was a contestant on the BBC's Strictly Come Dancing in 2017. Since 2014 he has appeared regularly in the Pause for Thought slot on the BBC Radio 2 Breakfast Show and in the summer of 2016 took part in the BBC's prime-time programme Celebrity Masterchef. In the past he co-presented The Big Painting Challenge on BBC One. Reverend Coles was also one half of the 1980s popular music duo, The Communards, with whom he had three top ten hits.

With a particular interest in housing and communities, for six years Richard served as a Board Member of Greatwell Homes, providing social and affordable housing in the borough where he previously lived. In September 2017, he stepped down from the Board to become their Patron.

To date, Reverend Coles has published ten books, two volumes of autobiography, *Fathomless Riches* and *Bringing in the Sheaves*, a personal account of life after grief, *The Madness of Grief*, two volumes of the lives of lesser-known saints, *Lives of the Improbable Saints* and *Legends of the Improbable Saints*, *Coles to Jerusalem*, three novels, *Murder before Evensong*, *A Death in The Parish* and *Murder at the Monastery* and his most recent addition *The Rabbit Hole Book*.

Reverend Coles received an honorary doctorate from the University in 2012.

Dallas Campbell Pro Chancellor.

Dallas is on a mission to take science out of the lab and into people's lives, but he completed his undergraduate degree in Drama at Nene College, an antecedent institution of the University of Northampton, in 1992.

For nearly two decades he's been at the forefront of popular science in the UK. He's presented many of the highest profile factual programmes on television, programmes which lift the curtain on our human planet, aimed at audiences of all ages and backgrounds. These include *Bang Goes the Theory*, *The Gadget Show*, *The Sky at Night*, *Stargazing Live*, *Supersized Earth*, *Time Scanners*, *The Science of Stupid*, *Britain Beneath Your Feet*, *Horizon*, and many more. These productions

have taken him to some of the most fascinating and extreme places on Earth, from the top of the Burj Khalifa, to the bottom of a Mexican sewer, to rocket launches in Kazakhstan and everything in between.

Inform, educate and entertain is at the heart of everything Dallas does. Beyond television, he works tirelessly as a STEM ambassador and has been involved with hundreds of educational initiatives world-wide, encouraging young people to think creatively about science and technology, and to embrace the pleasures of finding things out!

His podcast *Patented: History of Inventions* explores the history of technology and invention. His debut book *Ad Astra: An Illustrated Guide to Leaving the Planet* was published in 2017 and he is currently writing his second book on the history of space flight.

Mark Lawson Pro Chancellor.

Mark Lawson was born in Hendon and raised in Leeds. He took his undergraduate degree in English at University College London and became a freelance contributor to numerous publications including the *Roman Catholic publication*, *The Universe* and *The Times*. Since 1995, Mark has written for *The Guardian* but has also written for *The Independent* and has twice been TV Critic of the Year, as well as winning many other journalism awards.

Specialising in culture and the arts, Mark is best known for presenting the flagship BBC Radio 4 arts programme *Front Row* between 1998 and 2014. He is also a Guardian columnist, and presented 'Mark Lawson Talks To...' on BBC Four from 2006 to 2015.

Lawson presented *The Late Show* on BBC2 in the 1990s. In 2004, Lawson made a documentary for BBC Four called *The Truth About Sixties TV*, criticising what he called 'golden ageists' who, he said, have a rose-tinted view of television's past.

In addition to his work in print journalism and the broadcast media, Mark has written five books, both fiction and non-fiction. His first, *Bloody Margaret* is a collection of novellas on late 20th-century politics in the UK, including an eponymous satire concerning Margaret Thatcher. This was followed by *The Battle for Room Service*, a travelogue of people, politics and culture encountered by Mark as a journalist.

His 1995 book *Idlewild* is an alternative history novel in which both John F. Kennedy and Marilyn Monroe survived the 1960s. *Going Out Live* focused on contemporary celebrity culture and the media, and *Enough is Enough* is a satire set in the government of Harold Wilson during the late 1960s. In his 2016 novel *The Allegations*, a lecturer at a fictional English university faces disciplinary action and dismissal for bullying and harassment.

In his spare time Mark also supports Northampton Town Football Club.

Lady Phyll Pro Chancellor.

Phyll Opoku-Gyimah is the nucleus of the award-winning celebration and protest that is UK Black Pride. Founded in 2005, UK Black Pride is Europe's largest celebration for LGBTQI+ people of African, Asian, Caribbean, Middle Eastern and Latin American descent, and is a safe space to celebrate diverse sexualities, gender identities, gender expressions and cultures. UK Black Pride organises an annual celebration during pride month, as well as a variety of activities throughout the year, which promote and advocate for the spiritual, emotional and intellectual health and wellbeing of the communities it represents.

Widely known as Lady Phyll - partly due to her decision to reject an MBE in the New Year's Honours' list to protest Britain's role in formulating anti-LGBTQI+ penal codes across its empire - she was also the executive director of Kaleidoscope Trust, an organisation working to uphold the human rights of LGBTQI+ people around the world. She is a community builder and organiser; an Albert Kennedy Trust patron, and a public speaker focusing on race, gender, sexuality and class.

Lady Phyll's over two decades of dedication to human rights advocacy have left an indelible mark. She's regularly called upon to advise nascent LGBTQI+ organisations around the world to help leaders create cogent organising strategies, establish robust partnership networks and work effectively in service of the LGBTQI+ community and inspire all who strive for equality and justice.

Lady Phyll is also the Secretary for TCEN - The Commonwealth Equality Network; a network of organisations challenging inequality based on sexual orientation, gender identity and expression, and sex characteristics. The Network was set up to give a global voice to LGBTQI+ communities across the Commonwealth and to support joint advocacy to provide an answer to the colonial legacy of homophobia - a Commonwealth solution to a Commonwealth problem.

Morcea Walker
Pro Chancellor.

Born on the island of Jamaica, Morcea has always been proud of her heritage. Aged nine she moved to Great Britain. Her time in Jamaica and the years spent on her own, certainly impacted on her life. It helped give her feelings of belonging and helping.

Morcea has taught in various types of Secondary schools. Teaching is a passion that has driven Morcea throughout her adult life. Morcea believes that working with young people should be treated as a privilege, a joy to be part of opening minds and learning from them.

As an Advisory Teacher (Equalities) Morcea used the Arts as a platform for learning. This has meant that she has promoted the whole issue of gender, race, disability etc through this medium. Morcea became the Co-ordinator for Supplementary Schools in Northamptonshire, and this remains her favourite activity – apart from being a wife, mum, and grandmother! These schools run language and cultural classes including Arabic, Chinese, Polish, African Caribbean, Russian and Gujarati. Her three children are all in jobs that serve the community and are quietly doing their own volunteering as appropriate. Morcea has a true love of the county of Northamptonshire – it’s exciting history, parks, countryside, events, towns and much more. Morcea is a Governor at a local school and a Trustee at a number of organisations including Northamptonshire Music and Performing Arts Trust, Northamptonshire Black History Association, Healthwatch – West and North Northamptonshire, Street Pastors and Community Law.

Morcea was awarded an MBE in 2012, appointed as a Deputy Lieutenant in 2017 and was Vice-Lord-Lieutenant of Northamptonshire from 2022-2024

MARCH 2025

University Mental Health Day is a time for experts and students to come together to find out more about the best of 'MH' advice and support.

Held on Thursday 13 March, more than 40 town and county mental health and wellbeing organisations gathered under one roof – the Learning Hub at Waterside Campus – for a day of advice, fun and support.

Led by the organisers, the University's Counselling and Mental Health Team, students and staff could chat about their wellbeing at the Take a Break café, relax by petting furry chinchillas, guinea pigs and rabbits at Ark Farm, take part in games and creative activities, and more.

The stalls had more than 3,200 separate engagements as the UON community found out more about mental health and wellbeing with experts from across the county.

MARCH 2025

With the support of UON Sports staff and students, the Northamptonshire Fire and Rescue Service have had a run of winning medals at the British Firefighter Challenge in recent years – and are going for Gold in 2025

The British Firefighter Challenge is an annual competition organised by Firefighters, for Firefighters, which pushes them to their limits. It provides a day of entertainment for spectators, as well as raising important funds for charities that support emergency services.

The 2025 event will return to Watford later this year on Saturday 26 and Sunday 27 July 2025.

The countdown is on, and with only 16 weeks to go until the starting claxon sounds, a team of students and academics from the University of Northampton's Sports Rehabilitation and Conditioning course have stepped in to support the team of local firefighters with getting their head in the game.

As well as delivering sessions targeted on improving individual strength and conditioning, the team will be conducting performance testing intermittently between now and July to review the increasing athleticism of the firefighting team.

APRIL 2025

Children from Eastfield Academy Primary School sampled University of Northampton's new Forest School experiencing learning beyond the classroom.

During a taster session of what the Forest School offers earlier this week, they took part in team challenges that promoted independence, resilience and problem-solving skills and finished with a bird hunt in the wooded area.

A further two primary schools will visit the University over the coming days for similar life skills learning with activities including a 'welly waddle', mini beast hunt and scavenging for materials to make a bug hotel.

The University opened the Forest School in April 2024 – supported by funds from Innovate UK – with a vision of connecting more children and adults with the outdoors across Northants and beyond.

Graduating Research Students.

A doctorate is the highest award that a university can make for a course of study. It recognises that the researcher has made a significant contribution to human knowledge in their given field. To achieve a doctorate, a candidate will have spent years conducting original research and writing a substantial thesis, which will have been examined by experts in their discipline.

At these ceremonies, we celebrate the achievements of these Postgraduate Research Students. We also recognise those who have supported them along the way, including their supervisors, research collaborators, staff from across the university, and also family and friends. The fascinating projects listed below give a flavour of the excellent cutting-edge research being conducted right across the University of Northampton.

Coat of Arms.

The themes associated with the Coat of arms are essentially concerned with the physical location of the University within the Borough of Northampton and the County of Northamptonshire, together with the central activities of the University.

The Borough is depicted in the left-hand supporter, a lion rampant, and in the central triple-turreted castle. It is also evident in the similar castle footstools for both supporters. The Main County reference is in the right-hand supporter of a bull with a golden chain and is depicted in the Tudor rose held by the roebuck. The County colours of blue, green and silver are also a feature of the Coat of Arms.

The linking of Borough and County through the imagery of the River Nene is strongly pursued with two horizontal representations of the river, one on the central shield and one below the supporters.

The University's activities are reflected in the central feature of books of learning and the vocational technology perspective is illustrated by linked cogwheels. The University's concern with learning is nicely encapsulated in the motto 'Ne Nesciamus' - Let us not be ignorant'. The first four letters spelling Nene, for Nene College, an antecedent institution title of the University of Northampton.

Finally, The University's long association with the Worshipful Company of Leathersellers is depicted by the inclusion of the roebuck from its own coat of arms.
